Make a Paper Flower Lei

10a.m to 4p.m.

Pacific Islanders make many kinds of lei from flowers, shells, and other natural materials. ferns, seashells, bone or teeth, and more.

Modern lei can be made with money, candy or other girt objects...and often including money. Most lei are made as a gift for another, especially for a celebration such as graduations or birthdays, but sometimes just friendship or affection.

Stringing a lei of paper flowers is traditional in Hawaii's elementary schools to celebrate Lei Day on the first of May. *(please, one per person)*

Make a nēnē! 1:00 to 4:00p.m.

The nene (naynay) goose is Hawaii's State Bird. Sadly, it is one of the rarest waterfowl species on earth, and one that was nearly lost forever.

Hawaii has programs to protect and increase the population. Currently, the birds are on Hawai'i, Kaua'i, Maui and Molokai.
