Imagine Micronesia by Island Liaison

Micronesia is a region in the western Pacific that includes approximately 2,100 islands, with a total land area of about 1,000 sq miles sprinkled over an ocean area the size of the US with only a total land area of about 1,000 sq miles. The largest island is Guam. Visit our exhibit of traditional artifacts and printed history. Learn some common phrases in island languages.

Hawaiian Implements by Shernelle Copland

Learn about the weapons of the almost-lost Hawaiian martial art of Lua. Made with stone, wood, shark's teeth and more, they were deadly accessories to the warriors' defensive and attacking moves.
