

## **Tips and facts for enjoying the Arizona Aloha Festival:**

1. Remember where you parked (Don't laugh, you'll thank us later).
2. Take public transportation. Try Metro Light Rail! It's a short block away and no stress looking for a parking space. (Check our Location & Map webpage for links.)
3. We strongly urge pets to stay at home due to the crowds. Except for service animals, of course. While some can handle things with 'aloha spirit', others can not and you are responsible for any consequences. And of course, please pick up after your pet if they join you.
4. Sorry no beach umbrellas, pop-up tents or other temporary structures at the Arizona Aloha Festival at Tempe Town Lake due to safety concerns for others.
5. This is a no-alcohol event: Sneaking in alcohol will get you escorted out.
6. Sorry, no bikes, skateboards or rollerblades within the event. Laid-back walking and relaxing is the way to go.
7. Weapons? We don't think so, just come to soak up the aloha spirit and have fun.
8. Even at the beach you can suffer from dehydration and sunburn: drink lots of fluids and wear sun block.
9. Find an event map, vendor list for shopping and food, family activities locations, schedules and more in our free program at the Information Booth!
10. Manners matter. You're invited to a private party. Unacceptable behavior as determined by event management may lead to being asked to leave.
